

IBRAHIM ALMUJTABA

SENIOR PROJECT MANAGER | MSc, PMP®

+966 540340200 | ENG.IBRAHIMAA@GMAIL.COM | Riyadh, Saudi Arabia

EXECUTIVE SUMMARY

Goal-driven Project Manager with extensive experience delivering large-scale, high-priority projects across the public and private sectors. Proven expertise in leading multi-disciplinary teams and managing complex stakeholders to ensure project delivery within scope and budget. Specialist in project governance, value engineering, and strategic reporting, with a focus on optimizing project efficiency and operational success.

CORE COMPETENCIES

- Strategic Project Planning & Governance
- Stakeholder Management & Alignment
- Value Engineering & Auditing
- Procurement & Vendor Management
- Budget Management & Cost Control
- Contractual Dispute Resolution
- Risk Mitigation Strategies

PROFESSIONAL EXPERIENCE

Senior Project Manager

2025.01 – Present

EXPRO (Expenditure & Projects Efficiency Authority) | Special Projects Dept.

- Established governance frameworks and processes to analyze +400 delayed projects across more than 7 government entities, identifying root causes and facilitating corrective interventions for project and portfolio management.
- Manage the delivery of large-scale mega projects by collaborating with government entities to ensure all project phases remain aligned with national efficiency standards and strategic objectives.
- Maximize project performance by analyzing root causes of issues and delivering actionable recommendations to mitigate risks and ensure continuity.
- Facilitate stakeholder alignment by delivering transparent reporting on project status, milestones, and performance metrics.

Project Manager

2019.10 – 2024.12

Ministry of National Guard Health Affairs | PMO

- Directed the full project lifecycle for healthcare infrastructure, ensuring seamless integration with clinical workflows and MNGHA's strategic roadmap.
- Managed multi-million SAR budgets by implementing rigorous cost-control measures and resource optimization strategies to prevent overruns.
- Led cross-functional teams and external contractors to deliver complex healthcare facilities, maintaining 100% compliance with JCI standards.
- Navigated the complex transition from construction to commissioning, ensuring all operational requirements were met for immediate clinical use.

Senior Project Engineer

2017.08 – 2019.09

Ministry of Media | PMO

- Executed technical coordination for the "Hajj Mission" project, aligning 30+ stakeholders and optimizing a 20M SAR budget to achieve a 50% cost reduction.
- Engineered comprehensive procurement documentation, drafting technical RFPs and cost estimates to support precise bid evaluations.
- Analyzed contractor submittals and variation orders against ministry standards, ensuring strict technical compliance and mitigating scope creep.

Project Engineer

2014.11 – 2017.06

Saudi Binladin Group | PMO / Site Division

- Supported the development of project management plans for the Holy Mosque Mega Project, ensuring daily site activities aligned with the master schedule.
- Monitored site progress and prepared technical reports for senior management, documenting field deviations and verifying corrective actions.
- Conducted site inspections and reviewed shop drawings to ensure engineering precision and adherence to design specifications.

TECHNICAL EXPERTISE

PM Software:	Primavera P6, Microsoft Project, Procore, Aconex
Engineering:	AutoCAD, Revit, Technical Site Inspection
Languages:	Arabic (Native), English (Full Professional Proficiency)

EDUCATION & CERTIFICATIONS

- Master of Science: Electrical Engineering | King Abdulaziz University (2020)
- Bachelor of Science: Electrical Engineering | Umm Al-Qura University (2014)
- Project Management Professional (PMP)® | Project Management Institute
- Certified Electrical Engineer | Saudi Council of Engineers (SCE)
