- Testing & Commissioning

PROFESSIONAL EXPERIENCE

Senior Project Manager 2025.01 – Present

EXPRO (Expenditure & Projects Efficiency Authority) | Special Projects Dept.

- Orchestrate large-scale mega projects by coordinating with government entities to align strategic objectives with national efficiency regulations.
- Lead performance management for Project Management Consultants (PMC) and site contractors, ensuring strict adherence to timelines and quality standards.
- Serve as a key member of the Dispute Resolution Committee, evaluating high-stakes claims and resolving contractual obligations to mitigate financial risk.
- Deliver comprehensive executive reports to senior management, providing high-level updates on progress, challenges, and critical path milestones.

Project Manager 2019.10 – 2024.12

Ministry of National Guard Health Affairs | PMO

- Led cross-functional teams in the planning and execution of healthcare infrastructure projects to ensure successful clinical and operational outcomes.
- Developed and managed master project timelines, budgets, and resource allocation plans to meet established executive objectives.
- Managed complex procurement processes, including vendor selection, contract negotiation, and the maintenance of strategic supplier relationships.
- Collaborated with medical subject matter experts to ensure the delivery of high-quality healthcare facilities

PROFESSIONAL EXPERIENCE (CONTINUED)

Senior Project Engineer

2017.08 – 2019.09

Ministry of Media | PMO

- Oversaw the "Hajj Mission" project, coordinating with over 30 stakeholders and managing a budget of 20M SAR, successfully reducing costs by 50%.
- Prepared Request for Proposal (RFP) and cost estimation documents, and led technical bid evaluations for government tenders.
- Managed consultants and contractors, reviewing submittals and variation orders to ensure compliance with ministry standards.
- Implemented financial recovery strategies for legacy projects, securing necessary approvals to release frozen payments.

Project Engineer

2014.11 – 2017.06

Saudi Binladin Group | PMO / Site Division

- Developed comprehensive project management plans for the "Holy Mosque" Mega Project, ensuring alignment with massive-scale construction requirements.
- Delivered detailed progress reports to stakeholders and executive management, highlighting critical deviations and corrective actions.
- Conducted rigorous site inspections and reviewed shop and as-built drawings to guarantee engineering precision.
- Performed material inspections and coordinated logistics with consultants to maintain continuous site operations.
